

# Walking School Bus Route

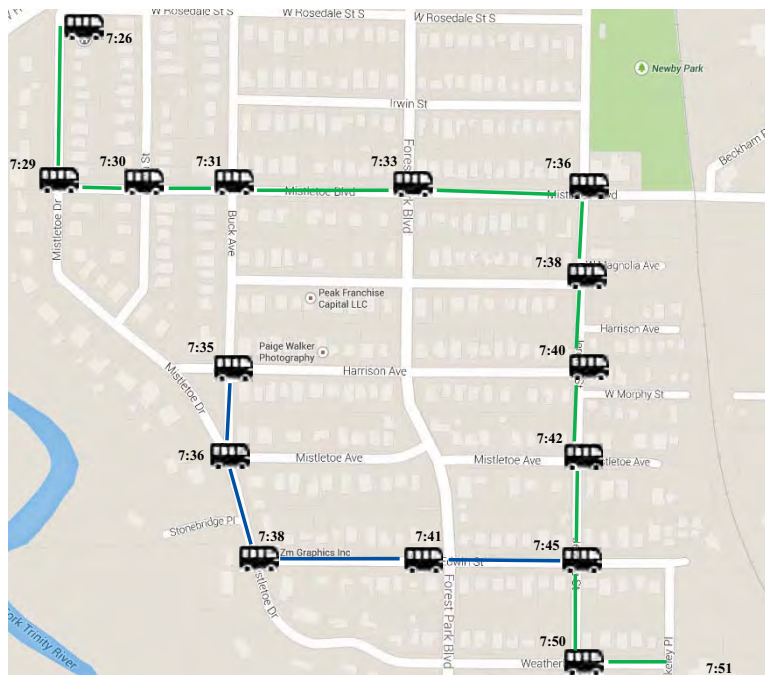

Childhood obesity is higher than ever before. Mayor Price has been promoting the walking school bus along with many other programs to help combat the issue. We made a video challenge for Mayor Price. She loves creativity and technology and it got her attention. She accepted our video challenge and plans to walk with the Mistletoe Heights kids to Lily B. Clayton Elementary on October 10. The walking school bus is when kids follow a central route allowing them to meet up with other kids as they make their walk to school. It requires one adult per group but shows kids that walking to and from school can be fun, safe, and great exercise. Mayor Price and Councilwoman Zadeh will start the walk from 1105 Mistletoe Drive at 7:26AM.

**GREEN Route:** will go South on Mistletoe Drive, East on Mistletoe Blvd at 7:29, then South on Jerome at 7:36. It will meet up with the BLUE route at the corner of Jerome and Edwin at 7:45, then continue South on Jerome, turn East on Weatherbee at 7:50 and arrive at Lily B at 7:51.

**Blue Route:** will start at the Little Free Library and go South on Buck at 7:35. It will continue South on Mistletoe Drive at 7:36, turn East on Edwin at 7:38 and meet the GREEN route at the corner of Edwin and Jerome at 7:45. It then continues to school arriving at 7:51.

Our elected officials will highlight the importance of exercise and community. Great premises. There will be a celebration at the school and news coverage. I hope you walk with us and thank you for your passion for our community.

Thank you,  
Kyle Jensen

## BULLETIN

**Ebola Virus Disease (EVD)**

### What is Ebola virus disease (EVD)?

Ebola, previously known as Ebola hemorrhagic fever, is a rare and deadly disease caused by infection with an Ebola virus strain. Ebola virus was discovered in 1976 in the Democratic Republic of the Congo near the Ebola River. Since then, outbreaks have appeared sporadically.

### What are the symptoms?

Symptoms of Ebola include fever (greater than 38.6°C or 101.5°F), severe headache, joint and muscle pain, weakness, diarrhea, vomiting, abdominal (stomach) pain, and sometimes hemorrhaging (bleeding or bruising). Symptoms may appear anywhere from 2 to 21 days after exposure to Ebola virus, though 8 to 10 days is most common. When infection occurs, symptoms usually begin abruptly.

### How is Ebola transmitted?

The virus can be transmitted to others through direct contact with the blood or bodily fluids (including but not limited to urine, saliva, feces, vomit, and semen) of an infected person and exposure to objects that have been contaminated with blood or bodily fluids. Ebola viruses often spread through families and friends because they come in close contact with the infectious secretions of ill persons they are caring for. The disease can also spread within health care settings (such as a clinic or hospital) when proper precautions and safety protocols are not followed.

### How is Ebola diagnosed?

Diagnosing Ebola in an individual who has been infected for only a few days is difficult, because the early symptoms (fever) are nonspecific to Ebola infection and are seen often in patients with more commonly occurring diseases, such as malaria. If a person has the early symptoms of Ebola and has had contact with the blood or body fluids of a person sick with Ebola, contact with objects that have been contaminated with the blood or body fluids of a person sick with Ebola, or contact with infected animals, they should be isolated and public health professionals notified. Samples from the patient can then be collected and tested to confirm infection.

### Who is at risk for exposure to Ebola?

Healthcare providers caring for Ebola patients and the family and friends in close contact with Ebola patients are at the highest risk of getting sick. Medical professionals in the United States should consult the CDC's "Infection Prevention and Control Recommendations for Hospitalized Patients with Known or Suspected Ebola Hemorrhagic Fever in U.S. Hospitals".

### How can I protect myself from being infected with Ebola?

There is no FDA approved vaccine for Ebola. Health care workers must be able to recognize a case of Ebola and be ready to employ practical contact and droplet precautions. Techniques include the wearing of protective clothing (such as masks, gloves, gowns, and goggles), the use of infection control measures (such as complete equipment sterilization and routine use of disinfectant), and the isolation of Ebola patients from contact with unprotected persons. The aim of all of these techniques is to avoid contact with the blood or bodily fluids of an infected patient. If a patient with Ebola dies, it's important that direct contact with the body of the deceased patient be prevented.

### Do people with Ebola survive?

Healthcare and public health systems in the United States are the best in the world. We expect survival rates for Ebola patients in the U.S. to be higher than what was recently seen in Africa. Supportive care in a hospital setting is crucial for a patient's recovery.

## Yard of the Month 2209 Irwin Street

It is possible that only those who remember what the yard was like before they moved in can appreciate what a transformation Kyle and Stephanie Jensen have made at 1105 Mistletoe Drive. The improvements they have made are a boon to the entire neighborhood.

The home has distinct curb appeal due to the cheery look the Jensens have created. The cozy seating in front of their cottage results in a warm, welcoming look.

Kyle did all the work himself, and building the hardscape structures he has made lends a special quality to the term 'sweat equity.' He put in new sidewalks, big natural stone planters framed by matching stone columns. The red tile porch completes the effect of all the hardscape Kyle has done. The planters are currently very full with lush, multi-colored Penta. There is a specimen tree in the

yard that I think is a Pistasche. (I didn't speak to Kyle or Stephanie because I wanted this to be a surprise.) The beds behind the stone planters have some Abelia and some not-boxy-looking Boxwoods... the best look for Boxwoods is for them to not be trimmed like boxes!

On one side of the front is a sculpted Holly. On the other is a red, variegated Canna Lilly in a nice green pot. The color in the stone planters is seasonal; however, Kyle and Stephanie have always had colorful plantings there ever since Kyle built them.

So not only does Kyle deserve recognition for his selfless service in the Mistletoe Heights Neighborhood Association, but he and Stephanie also have earned the Yard of the Month Award for October. His hard work has paid off—both in landscaping and in administration!

The Jensens are moving away so Kyle can be closer to his job. Our neighborhood's loss will be another neighborhood's gain! But the Jensens will be missed here in Mistletoe Heights.

## FORT WORTH BOTANIC GARDEN

**EVENT:** FALL PLANT SALE

**DESCRIPTION:**

Fall is the best time of the year to plant in north central Texas! Come to the Botanic Garden's fall plant sale and stock up on plants that do well in our area. Choose from a wide assortment of trees, shrubs, ornamental grasses, perennials, vines, winter annuals, and spring-flowering bulbs. The sale features a wide assortment of citrus, other fruit trees, and small fruits. In addition, rose, African violet, begonia, iris, daylily, and cactus & succulent societies will be selling their plants. Other vendors will be selling garden-related merchandise as well. Garden staff will be on site to answer your plant questions. New this year are more days (three), more hours, and more plants! Due to a limited number of carts for hauling plants at the sale, please bring your own.

**DATE & TIME:** Friday, October 10, 2:00-6:00 P.M.  
Saturday, October 11, 9:00 A.M.-2:00 P.M.

An added feature of this year's sale is a preview class on October 7, 7:00-8:00 P.M., in The Gardens Restaurant. Enjoy dessert as you learn about the plants featured in the fall plant sale by attending this PowerPoint presentation taught by Garden staff. Fee is \$20. Call Judy at 817-392-5534 to register.

**LOCATION:** In "The Grove," the wooded area just inside the weekend parking lot.

**PARKING:** From I-30, take the Montgomery Street exit and park in the weekend parking lot before reaching Montgomery. Or, enter the first entrance into the Botanic Garden north of I-30 on University Drive and proceed to the Japanese Garden parking lot.

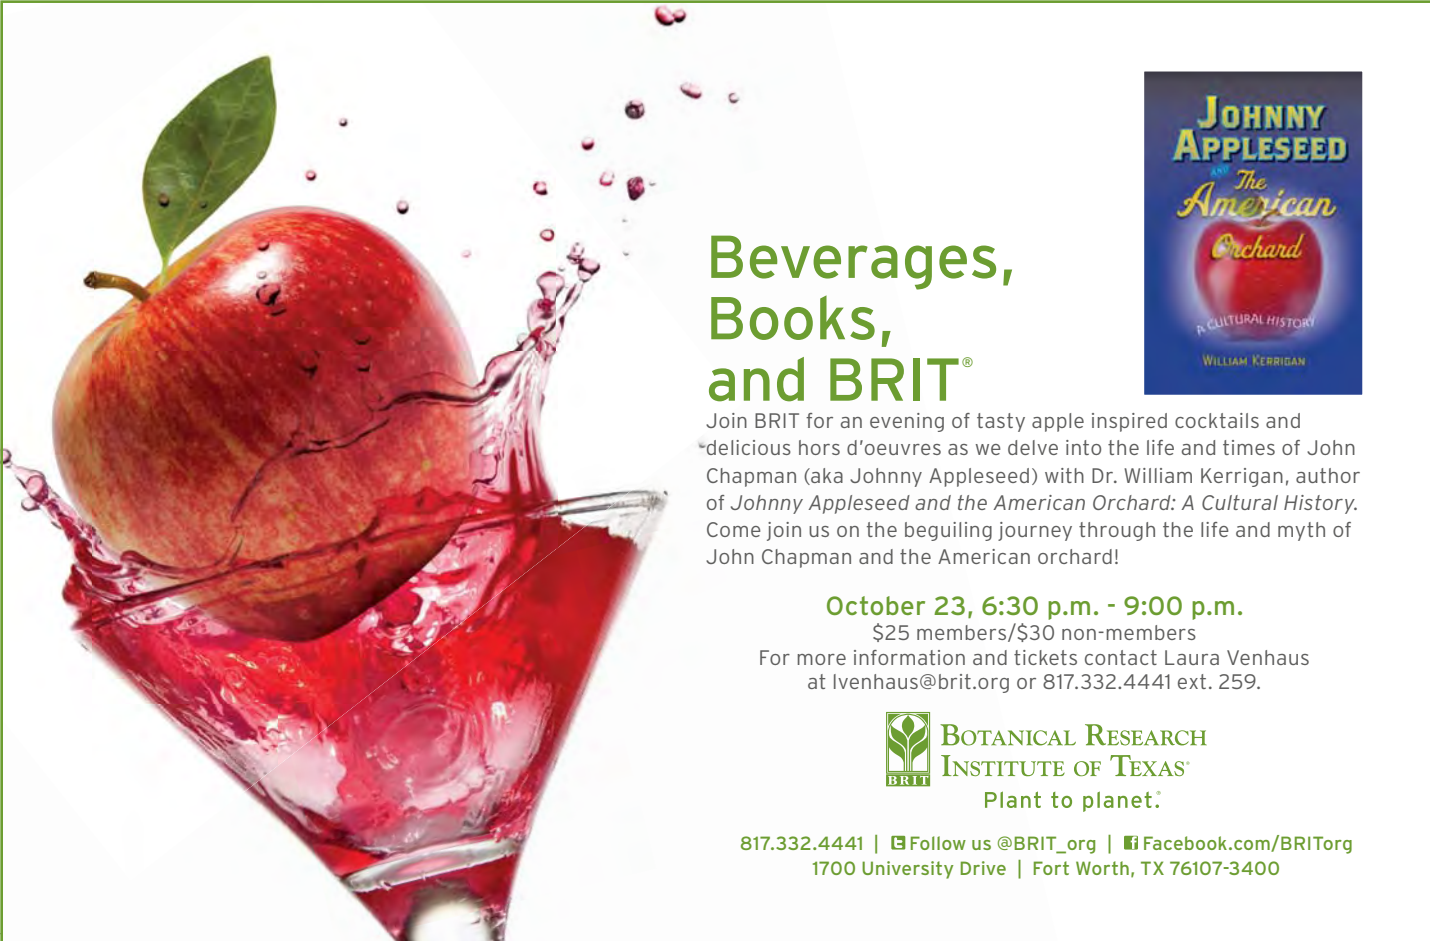

**CONTACT:** Steve Huddleston, senior horticulturist. Phone number is 817-392-5532 (not for publication). Fax number is 817-392-5539. E-mail address is Steve.Huddleston@fortworthtexas.gov.

## Great Gourds A Fire!!!

The mornings are once again becoming crisp and fall is threatening. Before you turn around it will be time for the annual Pumpkin Carving Contest.

The rules for this event are simple:

- The night BEFORE Halloween (which means Sunday the 30th this year) the elite gang of gourd judges hit the street to judge this year's offerings.
- All real carved pumpkins are judged soon after dusk.
- The grand prize winner will get either an all expense trip to Transylvania or a \$50.00 prize (to be decided later).
- all honorable mentions get a fabulous write up in the newsletter.

Plan your gourds' grimace now .... get the whole family involved and remember judging occurs the night BEFORE Halloween and styrofoam/plastic does not count in the judging.

**NEW NEIGHBORS!!** I should point out that Trick or Treaters flock to Mistletoe Heights from all over town so be prepared to deliver the hospitality and treats. (And keep an eye out for the Mistletoe Halloween Street Band on their annual roam).

## MHA yearly memberships

Voluntary dues are \$15, \$25, \$50 or whatever you can afford. Your dues help pay for this newsletter, the Mistletoe Heights phone directory and many neighborhood functions. Please make your check payable to Mistletoe Heights Association. Mail to: Jeri Jo Blackmon, 1408 Mistletoe Drive.

## Free classified ads

As a MH resident, you get one free classified ad. Please submit copy by the 15th of the month. Notify the editor at 817.201.1909 or email: newsletter@mistletoeheights.org.

## Editorial policy

Articles and letters to the editor are welcomed. To be published as written, letters must be addressed to the editor, signed, and include a phone number.

Anonymous letters will not be published. Articles may be submitted for publication, signed or unsigned, subject to approval and editing.

Contact information helps, especially if we have questions for you.

Letters to the editor are limited to a half-page (approximately 350 words). Please send email to: newsletter@mistletoeheights.org.
