PRESIDENT'S CORNER

“Even the rich are hungry for love, for being cared for, for being wanted, for having someone to call their own.” —Mother Teresa

Life experiences have taught me that being true to and at peace with myself is where I need to begin. Then happiness in relationships and success in my profession will come more naturally. There are those, and I am one, who holds the view that we are spiritual beings having a human experience. How can we activate our spirit and engage with life in ways that are more enriching, rewarding, and fulfilling? The methods of acquiring wealth have been written about many times. The book *The Science of Getting Rich* by Wallace Wattle identifies the approach of receiving material wealth. However, it can be applied to any aspect of your life—health, wealth (well-being) and happiness.

Kyle Jensen

CLARITY OF VISION—It is important to envision yourself experiencing what you truly want in life. The fulfillment of an important relationship? An employer that is loyal to you? Peace of mind, effective communications with co-workers, healthier patterns of eating, sleeping or exercise? See yourself in the picture. Feel, hear, touch and taste what that would be like for you. Take a minute to reflect the richness of your vision. You might like to write it down, record it or go for a walk and allow the vision to become clearer for you. Be open to the ways you may be guided in your vision and how you can realize it.

CONFIDENCE OF PURPOSE—Ask yourself the question: Why? Why is your vision important and meaningful for you? How will it serve you and others? Knowing your purpose will help to keep you on track amid all the distractions that life can throw your way. Your purpose is there to guide you and a reminder to keep moving toward your goal.

Facts about:**Pertussis (Whooping Cough)****What is pertussis?**

Pertussis, also called "Whooping cough," is a disease caused by bacteria. Pertussis is usually mild in older children and adults, but it often causes serious problems in babies.

Who gets pertussis?

Pertussis is most common among babies, but anyone can get it. Pertussis can be hard to diagnose in babies, teens and adults because their symptoms often look like a cold with a nagging cough. Babies often get pertussis from older children or adults.

What are the symptoms of pertussis?

Pertussis begins like a cold, with a runny nose, sneezing, mild fever, and cough that slowly gets worse, and usually starts to occur in strong "coughing fits." This type of coughing may last for six or more weeks. There is generally no fever during this time. In young children, coughing fits are often followed by a whooping sound as they try to catch their breath. After coughing, a person may have difficulty catching their breath, vomit, or become blue in the face from lack of air. The coughing spells may be so bad that it is hard for babies to eat, drink or breathe. The cough is often worse at night, and cough medicines usually do not help reduce the cough. Between coughing spells, the person often appears to be well. Some babies may only have apnea (failure to breathe) and can die from this. Adults, teens and vaccinated children often have milder symptoms that mimic bronchitis or asthma.

How is pertussis spread?

The pertussis bacteria live in the nose, mouth and throat, and are sprayed into the air when an infected person sneezes, coughs or talks. Other people nearby can then inhale the bacteria. Touching a tissue or sharing a cup used by someone with pertussis can also spread the disease. The first symptoms usually appear within 5 days to 21 days after a person is infected.

Is pertussis dangerous?

It can be, especially for babies. Pertussis can cause breathing problems (apnea), pneumonia, and swelling of the brain (encephalopathy), which can lead to seizures and brain damage. Pertussis can also cause death (rarely), especially in babies.

How is pertussis diagnosed?

A doctor may diagnose a patient with pertussis because of their symptoms. To confirm the diagnosis, the doctor will swab the back of the nose for laboratory testing. It is important to remember laboratory tests may be negative even if a patient has pertussis.

How is pertussis treated?

Antibiotics are used to treat the infected person and their close contacts. In addition, it is helpful to get plenty of rest and fluids. Persons hospitalized with severe pertussis may need special treatments to help them through prolonged periods of coughing.

Can pertussis be prevented?

Yes. Pertussis may be prevented in household members and close contacts of a person with pertussis by treating them with antibiotics, even if they have been vaccinated. Vaccination of children in early infancy may also prevent pertussis. Because vaccine protection begins to fade in older children and adults, new vaccines (called **Tdap**) have been developed against pertussis for these age groups. To protect babies from being exposed to pertussis, families who have or are expecting a baby and people who work with babies should consult with their doctor about receiving this vaccine. Most hospitalizations and deaths occur in children less than three months of age. When possible, babies should be kept away from people who are coughing. Babies with any coughing illness should be seen by a doctor.

Mark and Sue Crumblish moved to Fort Worth in January 2012. Mark works for Lockheed Martin and Sue works at Westcliff Animal Hospital. They have three children, Eamonn, who is a junior at the United States Naval Academy and plays ice hockey for Navy; Connor, who is a junior at the University of Arkansas and plays ice hockey for the Razorbacks; and their daughter, Chandler, who is a freshman at the University of Arkansas and runs cross country and track for the Razorbacks.

When the Crumblish family purchased their home it had been vacant for over a year so the lawn was basically nonexistent with the exception of a few weeds. They had a sprinkler and drip system installed and added the stone border as well as increasing the square footage of an existing front garden. They added a Japanese Maple tree, hydrangeas, lorapedlum, Texas sage, roses, and seasonal flowers.

Philip Ship is the gentleman who takes care of the lawn maintenance and planting and is the reason why the lawn looks so nice.

Neighborhood Cleanup Day

Neighborhood Cleanup Day (previously identified as Alley Cleanup Day) is October 19, 2013 from 8:00 am until noon. We will meet at the triangle at 8:00 am that day to assign laborers to the locations. Cases of water/Gatorade will be sent to each location. Picnic lunch will be provided for lunch at Newby. Please join us, meet some neighbors and help clean up our neighborhood.

Limbs/trimmings will be placed on curbs for third Monday Trash pickup.

Notifications will be put on Homeowner's door that border the alleys that will be cleaned asking that any item that could be mistaken for trash be removed from the alley or boldly tagged as not trash.

The Mitchell's Patio Room (1410 Mistletoe Dr.) will be "Triage Center".

Teams:

Alley Team 1 will be responsible for cleaning the alley south of Magnolia with the alley entrance on Buck Ave.

Alley Team 2 will be responsible for cleaning the alley between W. Morphy and Harrison. The entrance to the alley is on Jerome.

The Soundwall Team will be responsible for cleaning the area around the sound wall along Rosedale west side of Forest Park.

Trash Collection Team will pickup trash around the trailhead going to the river.

Muddy Sidewalk Team will clean up two muddy sidewalks.

Items Needed:

Lopping Shears

Wheelbarrows

Bush hog would be useful if anyone has access to one

Gas powered Weed Whackers

Hatchets

Chain Saws / hand saws

Extended-reach grabber for picking up trash from shrubbery

Broom handle with nail for picking up trash

Colorful fall plantings for Mistletoe Heights sign flower bed

Ice chests (please provide the day before to have drinks cooling)

ATTENTION NEIGHBORS!

Mistletoe Heights needs your creative genius!

We are hoping to **create a slogan or tagline** for our lovely neighborhood and we want everyone's input! Think about Mistletoe Heights – its strengths, attractions, attributes – and what it means to you. Then come up with a slogan that captures what you see and feel. We are looking for something relatively brief, memorable and “catchy.”

Submit your ideas (as many as you want) by October 20

in one of the following ways:

- Post on our neighborhood chatroom:

<https://www.facebook.com/groups/mhneighbors/>

- Email to alrodman@yahoo.com

- Drop them in the mailbox at 1135 Mistletoe Drive

Each person who submits an entry will get their name in a drawing for a \$20 Walmart gift card! The association board will vote in late October and **the winner will receive a free night at the Hilton Garden Inn!**

Here's a few fun city/neighborhood slogans to get you thinkin....

Fort Worth - Where the West Begins

Eagle Pass, TX - Where Yee-Ha Meets Olé

Happy, TX - The Town Without a Frown

Hershey, PA - The Sweetest Place on Earth

Spring Lake, MI - Where Nature Smiles for Seven Miles

Lodi, CA - Livable, Lovable Lodi

**Tax-free Income
for Your Retirement**

Tax-free income is the best gift you can give yourself at retirement. Converting to a Roth Individual Retirement Account (IRA) from a traditional IRA allows for tax-free accumulation as well as tax-free withdrawals in retirement - which means you don't have to worry as much about what income tax rates will be in the future.

There are tax considerations and other factors that determine whether converting to a Roth IRA is right for you.

Edward Jones, its employees and financial advisors cannot provide tax or legal advice. Please consult your attorney or qualified tax advisor regarding your situation.

Call today to schedule an appointment to learn more. We'll discuss your retirement goals to help determine if a Roth IRA makes sense for you.

The Lily B. Clayton Walkathon is coming!

On Friday, October 18th, Lily B. Clayton school children, parents, and faculty will hold their 5th annual Walkathon by walking - and singing - through the Berkeley neighborhood. Class line-up begins at 8:15am, so we'll be ready to start the Walk by 8:30am. The Walk will start from the school, go down Pembroke to Warner, to Ward Parkway and then loop back over to Warner and head back to sweet Lily B.

Please come out and CHEER! for the children as they get some exercise and raise money for the school.

Why walk?

100% of funds raised for Lily B stays with Lily B - YEAH!
Promote the school by walking and singing through the streets
Environmentally, there is very little waste produced!
To hear the Paschal Drumline energize the walk - Weehooo!
Kids get some exercise! Love it!

Walk Details...

Here's the map of where the kids will be walking. Please try to plan around the Walk, in case you need to drive through the route or near the school during this time. We want to keep the kids safe and not cause any delays.

Sponsor the Walk!

100% of the funds raised by the students goes to the school. Funds raised pay for teacher training, school supplies, technology for the classrooms and many more needs on campus.

Donate online at <http://www.lilybclayton.org/Home/activities/walkathon>. We appreciate your support!!!!

Information about the 2013 Walkathon will be kept up to date on the website.

Interesting fact....Lily B. Clayton is the original Mistletoe Heights Elementary School - as it was called when it opened in the early 1920s!

STEADINESS OF FAITH—Act as if the purpose were being fulfilled; you are already enjoying living in the vision. Acting “as if” gives a way to overcome doubt. You may find yourself drawing on your reserves of courage, and in the process experience greater vitality and freedom than you have ever known.

DEPTH OF YOUR GRATITUDE—Education in life is about understanding. Training is about putting what you know into practice. I have known for a while that being grateful is a good thing. How can you make being grateful a part of your daily routine? For the past several months, I have been writing at least five gratitude statements on a note pad at my office. I learned to be grateful even when things do not go my way because I am learning to assume that everything happens for a reason. Gratitude is a great attitude.

Seventeen years ago I got in a skiing accident and ended up cutting my quadriceps from the tendon. I had to relearn how to walk. But I was grateful for having the ability to walk and thought to myself, if limping was the worst that came out the accident rather than having a leg amputated or mutilated, I could handle it. While in that thought I remember taking one extra step and suddenly was no longer limping. I was healed, and grateful to whomever was watching over me.

Will you make an effort to meet me? I would like to hear what you think. What is important to you in our neighborhood:
